

Natür Helles

This is Helles in its most natural form. We use colder fermentation and longer lagering times to give this unfiltered lager bready aromatics, a crisp and peppery finish, while maintaining the complexity of our traditional Helles style.

..... CHARACTERISTICS
TRADITIONAL • CRISP • UNFILTERED • REFRESHING

Brewed on the grounds of Trapp Family Lodge in Stowe, Vermont, this lager is crafted with the finest traditional ingredients and our pure Vermont spring water.

Inspired by the quality brewing heritage of his ancestral homeland of Austria, Johannes von Trapp has built a world class brewery on the grounds of his family's lodge in the pristine mountains of Stowe, Vermont. Using traditional Austrian brewing techniques, our master brewer creates pure, clean beer with amazingly complex flavor profiles.

The Good Stuff

Of course, everyone says they use the finest ingredients and so do we, but few can say they use their own natural resources. We do. You can taste the difference. This beer is brewed on the grounds of the Trapp Family Lodge, using pure Vermont spring water from right here on our own property.

ABV: 4.9% | IBU: 20
